BRILLIANT SUCCESS OF ANGLO-FRENCH OFFENSIVE CONTINUES—FIVE MORE TOWNS TAKEN BY FRENCH TROOPS.

RESISTANCE SMASHED

GERMAN ATTEMPTS TO STEM TIDE FAILS—Montdidier Burned By Huns Before Its Capture By Allies.

[SPECIAL TO THE GAZETTE]

Paris, Aug. 12.—German prisoners captured in the mighty Anglo-French offensive between Albert and the Oise river, now number more than 40,000, according to an unofficial estimate made here today.

Seven hundred German cannon have been taken since the drive started on Thursday morning.

(Seven hundred pieces of artillery is the most that the allies have ever taken on the western front in the first days of any offensive.)

Enraged because they had to give up Montdidier, the Germans destroyed the city before they departed, applying the torch and blowing up buildings with dynamite. Many old and beautiful pieces of architecture were destroyed by the Huns.

Despite resistance by the enemy, the French have continued to gain ground between Avre and Oise rivers.

The French have captured Macquilliers, Gravilliers, Le Berliere, Machin, Cambrai, and the outskirts of Cannay-sur-Matz.

Huns Push Troops

Paris, Aug. 12.—The Germans are pressing against allied left front with a certain amount of success, having had time to get into line division rushed frantically from the north. It is believed here that fresh troops are being thrown in the fighting in a desperate endeavor to blot out the advanced town of Noyon. General Von Hutte has escaped badly damaged from the Montdidier pocket and is trying to hold temporarily on the Roye-Noyon line. He is strong enough at the Noyon end, where his flank rests on the Oise, but should the British succeed in debouching from the village of Lihons, Chilly, Fransart, Fransart, and Goyencourt in the general direction of Noyon, further right at Roye would not only be turned, but he would be cut off and possibly hopelessly lost. The entire line it is believed here would then go down. Should Hitler succeed in holding on sufficiently to get his guns and material away his next move probably would be toward the Somme, pivoting on Noyon. He would swing his right back on the line of Nesle and Noyon.

Continued Advance

London.—The French are continuing their advance between the Avre and the Oise according to news received in London today and have captured the town of L'Echelle-St. Aunis a miles directly west of Roye.

The Line on this front now runs

from L'Echelle-St. Aunis southeast through Almancourt and Tilloloy, 8 miles southwest of Roye and continues on in a southwest direction through Gury, eleven miles southeast of Montdidier. It then turns more to the east and passes through the Montdidier quarry to the hill north of Antovert just northwest of Ribecourt on the Oise.

Roye Falls

Bulletin with British Army, In France, Aug. 12.—There is an unconfirmed report this afternoon that the town of Roye which the Germans have been defending so desperately, has been vacated. British tanks have been seen operating a considerable distance west of that town.

Machined Down

London.—A German airship has been brought down in flames north of Ameland on the northern Dutch coast the admiral announced today.

The British have captured the western edge of the town of Brey on the Sambre, the Meuse, the Oise.

There was no marked change in the fighting situation on the French front during the night says the official statement from the war office today. There was artillery fighting in the territory south west of Roye.

French Advances

London.—French troops have advanced nearly to the important point of Roye, from the southwest, by the capture of the villages of Armancourt and Villers, according to the official statement from Field Marshal Haig today. South of the Somme, British troops have captured 200 prisoners.

Germans Repulsed

Prisoners Total 40,000

Parts—Nearly 40,000 prisoners and 700 guns have been taken by the allies in Picardy, according to reliable information here.

German Soldiers Are Court Martialed For High Treason

London, Aug. 12.—Three German generals recently commanding near Metz have been cashiered for neglect of duty, according to a Belgian report received in Amsterdam and transmitted by the Exchange Telegraph company. A large number of soldiers were court martialed at St. Quentin Saturday for high treason.

The Germans in Belgium are showing signs of great uneasiness and the German Emperor is reported to have moved to Brussels.

London.—American troops are in the suburbs at Bray today fighting a continuous battle for the outskirts of the little French city. The tide has changed in the line and a whole series of attacks reaching London this afternoon, but a ding dong battle is raging all up and down the northern section and the present battle line.

FIGHTING BITTERLY.—Standing before the Praesne-Caulnes-Roye-Noyon line, the Germans, reinforced by reserves, are fighting bitterly to stop the allied advance and prevent a probable disaster to their forces. South of the Somme, the British have been slowed up, but around Noyon, the French continue to press for good gains.

COUNTER ATTACKS.—Heavy counter attacks are being made by the Germans against the British front east of Mortaincourt to the west of Chaudes Field Marshal Haig's men apparently have made little progress in the past twenty four hours, but their pressure has not slackened.

MUST FIGHT HARD.—Apparently the German command is determined for the moment to make the allies fight hard for further gains. Meanwhile, the retreats from the southern end of the front continue and the German attempt to stand may be only for the purpose of preventing the complete rout of General Von Hutte's armies which retreated from the Montdidier salient, early Saturday. Aviators report heavy movement of troops and transport toward the east.

HUN ATTACK STRONG.—The Germans have been strong and repeated around Lihons. The enemy is still pushing on the western side of the Roye, but later was driven out. The British positions were maintained after hard fighting. Seemingly, the German purpose here is to protect the railroad junction at Chaulnes through which all troops from the Roye region must pass.

POCKET UNSAFE.—However the railroad is at no point more than 3 miles from the allied front and the western side of the Roye is the most important section of the line from a German standpoint. By striving to hold the British, the Germans also protect the pocket which was beginning to grow unsafe between the Somme and Aras.

All the railroad lines leading out of Roye are now within easy capture range of the allied forces and the French troops are at Andely, three miles to the west and within less than four miles from the southwest, where they have crossed the last barrier of hills. CHILDREN WITH WAR GARDENS WILL BE GUESTS AT BIG FAIR

Through the courtesy of the directors of the Janesville Park Association, under whose management the Janesville big fair and live stock exhibit is being held, all children regardless of age, who have made war gardens, will be entitled to free admission to the big fair next Friday, August 16. Each child must wear his or her war garden badge, as the badge will act as ticket of admission. All children not having such badges may secure them by applying to Professor West.

With more than five hundred gardens within the city limits, Janesville's per capita of population has set a record of which it may well be proud and according to the Garden Committee, they have very difficult task in choosing the winners, because of the fact there are so many very fine class gardens.

JEFFERSON COUNTY OF DEFENSE HOLD LARGE PATRIOTIC MEETING

A monster patriotic meeting was held at Watertown, yesterday, in which seven thousand people participated. From miles around the people flocked to the city, and Watertown was crowded from early morning to late at night.

The advent was under the auspices of the Jefferson County Defense and after the program, was a huge success. The address of the afternoon was given by Colonel Sidney Smythe, of the Northwestern Military Academy. The talk was sparkling with patriotism and was received with great favor by the huge throng. In the evening the address was given by Lieutenant Colonel V. Violini, the well known Italian officer who had spoken in Janesville. The Lieutenant's remarks were also received with favor by the audience.

FORCEFUL TALK ON "NEW AMERICANISM" GIVEN BY DR. BEATON

FORMER MINISTER OF CONGREGATIONAL CHURCH DELIVERED TIMELY ADDRESS AT SUNDAY MORNING SERVICE

BROTHERLY SPIRIT

Attention Called by Speaker to the New Democratic and Christian Spirit Which is Evident Throughout the Country

A forceful and eloquent address was given by Rev. David Beaton on yesterday morning at the service held at the Congregational church. His topic was "The New Americanism," which he defined as being "The Democracy of the World, combined with the Brotherhood of Man."

He prefaced his talk of present conditions by discussing the wonderment which history students have had concerning the feelings of people when passing through a great crisis. "Future peoples," he said, "will hark back to these days now passing when new conditions in the world's forces were being created."

He outlined different epochs in the world's history as marking the progress of civilization. The birth of Christ, the French revolution, the Reformation, the American revolution, and the Civil War were suggested by him as some of the milestones in history.

"Events," he said, "were succeeding each other with such rapidity that one fails to forget the details, and also the relation of one incident with another." "We are losing impressions of concrete acts, and much more easily are we losing impressions of spiritual happenings," he said.

"People are feeling very deeply the experiences of the present," he said, "and there is a great change in the mental attitude of many toward the problems of life." Earnest, responsible business men are feeling the need of a higher power in the many troubles coming to communities during this crisis."

"Remarkable changes," he said, "have taken place in this country, in the political, social, business relations at this time, and nothing so marvellous has appeared since the beginning of the Christian era."

"A new Americanism has been born, which is different from anything the world had had before, and the American people ave come to a new consciousness of themselves and their surroundings than they gave the past tense of a scripture describing the return of the prodigal son. "When he had spent all his living, and began to be in want, he came to himself."

In discussing the idea of the American people knowing themselves, he took up the subject of the aliens, of whom he said, "there were thousands in Chicago alone, who were a dangerous menace to the body politic, and were easily affected by foreign propagandists." "These," he said, "should be trained in the duties and responsibilities of citizenship, as they were fitted to assume that honor when called upon to do so."

One thought which he strongly emphasized was that No man could continue to live free without every generation fighting for its freedom." "The former ideal," he said of Americans, "was achievement in a material way." "We had become pacifists, thinking that liberty had been won by our forefathers, and we could settle down and enjoy it." "But we thought the most powers deteriorated," he said, "for we must pay for education, stumping and ideals by sacrifice."

He enumerated the many hard tasks which men and women both had been doing to help win the war, and said that in spite of the drudgery and hard work yet they liked it and were thriving upon it. "It is a social entertainment, leisure, and social pleasure as goes, yet people were more alive, and more keenly receptive than ever before."

In discussing the great changes to be expected after the war, he mentioned in this particular a recent speech of David Lloyd George in which he emphasized the right. Let there be no deformities born of the war, nor come to the world, though this agony." In this idea was meant that no ecclesiastical, business, political or social injustices could be allowed, when brotherhood and democracy were made the basis of civilization."

In connection with this thought he mentioned the fact that the most intelligent and best educated part of our people, as well as the least criminal class, the women, were expressly debarred from voting, while no restriction was placed on the criminal and ignorant men of the country.

"Money, although an efficient and powerful weapon," he said, "was the surest consideration at this time." This was one of the lessons taught by this war."

Another thought was the danger of anarchy, as illustrated by the downfall of Russia, and also the supremacy of the law." "Reverence, as you reverence God, the supremacy of the law," he said. "Without it there is the deepest degradation, crimes, murder and absolute disregard of the rights of others."

Among the fruits of the war he mentioned freedom, peace, security, idealism, and the brotherhood of the human race.

He closed by saying that the justification which God had for the terrible calamity which had come to the world was that the nations would be divided, but that out of it would come a larger liberty, a greater civilization, and a more complete brotherhood of man. In this way would civilization and redemption come to the world, and would justify all we have given to the cause, and all that our dear ones have suffered.

Previous to the sermon, several new members were received into the church. They were Henry Stowe Lovisoy, Horace Lyman Blackman, Alice Marie Gage, Francis Alfred Wissant, and Annette Katherine Wissant. The solemn communion service of the church was also administered by Rev. Beaton to the members of the society present at the meeting.

Music was rendered by the choir under direction of Prof. Taylor, and Miss Ada Lewis sang a solo "Hear My Prayer, O Lord," by Dvorak. There will be no more services in the church during the rest of the month.

BERNARD DALY HAS NARROW A ESCAPE

What might have developed into a bad accident occurred Saturday afternoon at the City Ice Company house when Bernard Daly, son of Mr. and Mrs. Daly on Glen street fell while pulling ice. Young Daly is about fifteen years of age and is employed at the City Ice Company. He was engaged in pulling large pieces of ice, when he slipped and fell on the slippery floor. It was first thought that his leg was broken, but after an examination was taken he was found to be only a bit shaken up. The young lad expects to be back at work in a short time.

ROCK COUNTY HAS LARGE ACREAGE OF WHEAT

That Rock county is doing her part in feeding the world, will be seen by anyone going about the country side. Almost every farm has from three to five acres of wheat, which is now being cut and harvested. The yield is large, from thirty to forty bushels to the acre being the average crop, and the quality being extra fine. Paul Leyen on the River road north of town had a yield of 150 bushels from three acres. W. E. Shoemaker has twenty acres of splendid quality and Harry Shoemaker has forty acres, which is perhaps the largest acreage in this section. It is now being threshed and the yield is fine. On the road to Footville, practically every farm has a field of wheat. A force of twenty men went out to the farm of K. Bemis, west of town, one evening this past week, and put up in bundles, the field of 14 acres of grain after six o'clock.

CHIEF WARNS CROOKS TO KEEP CLEAR OF HERE DURING WEEK

Officers and Special Police To Gather Them in On Sight—No Monkey Business Says Chief.

Magazine men, farm paper peddlars, hope peddlers, pickpockets, "wild women" and all "country" steer clear of Janesville this week. The police are going to make a clean sweep of all the underworld "habitants" who come to town to find "easy pickin'."

Chief of Police Champion this morning informed all officers and patrolmen that Janesville had to be protected from crooks this week. He ordered them to arrest every fair follower who came to town and in addition ordered them to be on the lookout particularly for pickpockets.

"We are going to pick up this class of people as fast as they arrive in the city," said the chief this morning. "Magazine men, farm paper peddlars, dope touts and all the rest of this type don't care to spend four days in Janesville jails, then they'd better steer clear of here. We're going to pick them up just as soon as they show up."

During the three previous years of fair in Janesville we have been particularly fortunate in being able to keep down the "rough stuff" that is being "pulled" by the crooks and toughs at other places nearby. During any one fair week we have had more than two cases of trouble. If it is possible to persuade people and fairgoers, visitors this week are going to be free to go to the grounds without the fear of some "game" being worked on them or having their pockets picked."

The fact that Janesville is the only Southern Wisconsin city to have a fair as early in date is recognized by Chief Champion with the result that additional safeguards and precautions have already been mapped out to take care of what the department fears as Jansville being the mecca for all crookdom and carnival, fair and circus followers. Accordingly the Chief has issued strict orders.

In addition to having every man possible from the department on the grounds there are to be several out of town plain clothes men on duty both night and day.

Chief Champion expects the vanguard of the underworld gentrified to make its appearance tonight. It will be immediately dealt with the chief says.

HUNDREDS OF CAMP GRANT MEN IN CITY

Soldiers' Club Room On South Main Street Used Extensively Over Saturday and Sunday.

Many soldiers came to the city on Saturday, but the greater number of them immediately went to the stations and took the cars going to their homes or around the other stations. The room at the Y. M. C. A. were all full, showing that between 25 and 40 were accommodated there. The Soldiers' club room on South Main street was much used by them both, on Saturday evening and on Sunday. Groups of the boys were to be seen gathered there, most of the time, and on Saturday evening about 15 of them registered for the Sunday dinner. They are very appreciative of this favor and of the cordial interest which the motherly women who have the matter in charge, take in them. Many people have become acquainted with individual soldiers in this way, and invite them regularly to their homes. The 8th Division at Camp Grant will soon go across to the 2nd Division. The Little Mother of Shock 3

by ZOE BECKLEY

SALLY SURPRISES HERSELF
Sally arrived back at her little hotel, feeling as if she had passed through half a lifetime instead of only four hours. On her dressing table she found three envelopes. One contained a brief ad wriggly scrawled in pencil from Roger Landis:

"Dear Beautiful—Just to prove to you how well the right fin is working, although the left one is still in the straitjacket, I take my pen (or somebody else's) pen in hand and write (?) you say these few I'd hardly call 'em lines because I cannot get my hand up high enough to see where they're going. However, it will be as good as one of those famous letters from Horace Greeley that his friends loved to get because they lasted so long, no one being able to decipher more than a few words each day! Have all the fun you can lay hands on, and when you've seen the sun, the lights, and wrung the old town dry, the undersigned and various other ginks in this latitude will order the fatted veal—and trumplings. Yours truly,
THE INDESTRUCTABLE."

The second was a kind and reassuring note from Dr. Landis, living all the Shock news. And the third was from the secretary of the American Girls' Club in Paris, with a cordial invitation to come and enjoy things there.

How good everybody was! The little batch of mail diverted Sally's thoughts from her adventures of the day and tickled her jested nerves. After all, she decided to have supper at the club to counteract the lingering flavor of the Rue Mouffetard.

She found the American Girls' Club

EVERYDAY ETIQUETTE

When going to an entertainment, a young lady should be dressed ready to accompany her escort upon his arrival.

ELEANOR LOUISE: I would suggest that you ask your fiance to give you your freedom at least until he sees his way clear to a future marriage. As long as he does not wish you to make your engagement public, it places you in an embarrassing position and during his absence prevents you from receiving attentions from other young men. You may be in a position to take a definite stand. It would be perfectly proper for you to suggest some particular for your engagement.

MRS. R. L.: In the case of a widow who remarries good taste requires that all ceremonies should be as simple as possible. The linen should always be marked with the bride's maiden initial. It would be correct to have a church wedding, but of course the bride must not wear white or veil; a hat in any pale shade and harmonize would be appropriate.

ON CORRECTING HUSBANDS. A young married woman whom I occasionally meet at neighborhood gatherings has a habit of putting her husband in wrong in this wise.

Some subject will be under discussion and she will say, with a sly little smile at her husband, "Phil thinks—" and then quote some opinion very much at variance with the opinions that the people present have been expressing.

Whereupon her husband, with a heightened color and an air of evident discomfort, will try to explain and justify the opinion which she has expressed for him.

An Opinion He Expressed in Private. Plainly, the opinion is one which she has expressed in private to her. (Moreover, it is evident to me which he will at some time else he would have done it for himself.) Furthermore, it is probably presented in much blunter form than he would have put it; and sometimes, I suspect from the qualifications he hastens to make, it is given a different twist from its original meaning.

It is very easy, from this little dialogue to reconstruct the argument they must have held in private and to imagine the wife's feeling of triumph of having just put him in the

wrong.

One wonders if she would feel quite so triumphant if she could realize the resentment and sense of injustice she is unquestionably creating every time she does that.

I do not believe in correcting a child, or a husband, in public.

It never works. It creates too much resentment. Besides, it is uncomfortable for the public. Nobody loves a quarrelsome couple or a couple who are always giving each other fits in the presence of others. It doesn't help to create a feeling of festivity or add to the gaiety of occasions.

The Husband Who Thinks His Wife Should Not Have Opinions.

If a wife is clever enough to tactfully bring the conversation around to some subject on which she and her husband have argued, and on which he has expressed opinions which she feels are absolutely unreasonable, and to get people to whose opinion he has confidence to say, in his hearing just what she has said to him, that's quite another matter. The only kind of men who will get mad at that is the billy who regards any attempt of his wife to have opinions of her own as an attack on the peace and harmony of the home.

And who cares whether he gets mad or not? (His wife, unfortunately.)

Lieutenant Ellingson of Edgerton, of Company M 128 Inf., stated at the patriotic meeting Friday evening last that he was proud of every member of the company and every Rock county boy who went across with them. That they were well and happy and sent back cherry messages, were well fed and clothed and doing their bit. He spoke as one of their officers, but he voiced the sentiment of every resident of Rock county that has a bit of red blood in their veins. We are all proud of those boys and proud of the boys who went forth with the Beloit Company and with every outfit that is now on the fighting front or preparing to go there.

It is a matter of local pride that Wisconsin troops are behaving so well under fire and accomplishing such wonders. Here are our own home boys, born and bred thousands of miles from the actual war front, who have undergone months of physical training and now, after crossing the Atlantic, are doing a man's work in this great war. Some of them are just boys in years, but men in experience. In his conversation Lieutenant Ellingson was warm in the praise of the Janesville Sergeants, who remained with Company M and said it was the regret of the men and officers that Sergeant Murphy was not twenty-one that he might go to one of the officers' training schools and win his commission.

Lieutenant Ellingson has brought a message of good cheer to every mother and father in Rock county, who has a son across the water. He has told us first hand that Rock county is honored by their presence, "over there" and the traditions of Wisconsin troops being fighters have been lived up. In speaking of the Wisconsin troops, Governor Philipp said recently, "They are a peculiar type of soldiers, these Wisconsin soldiers. They seem bigger, stronger and better equipped mentally than the soldiers of other states, perhaps I am prejudiced, but I am proud and prouder still to be their Governor and feel I have done my part in equipping and fitting them for the work they are called upon to do."

While Janesville spends many a departing soldier who goes to training camps, with bands and escort, still it has not forgotten those boys who marched out of their own free will, a year ago, and are making such an eligible name for themselves "Some where in France."

HANDLING PITCH

If all the opposition to Governor Emanuel Philipp is centered upon his pre-war actions and utterances, his opponents are using the roughest kind of pitch which is liable to be snatched from their own candidate so that he will not be recognizable primary day. President Wilson opposed the war to the last minute. Yet these men dare not impeach his loyalty. In fact the big men of this nation as a whole opposed the declaration of war, but one it was declared, they all turned to and have worked shoulder to shoulder to help win it.

Nor has Governor Philipp been backward in this work and the fact the State of Wisconsin stands as it does today as one of the leading states in the union as regards contributions of men and money to the cause of democracy and in Red Cross work is due to his activities. It's men and women are loyal to the cause of democracy and no wonder the Governor is proud of them and the people as a whole are proud of him and resent the slurring insinuations of his opponents who apparently are working under the apprehension that personal abuse will win their fight for them.

Governor Philipp needs no personal advocates of his loyalty for his actions since the war started, speak louder than any printed or spoken words. A son and a daughter are in the federal service, he has himself worked until finally for the best interests of the Wisconsin soldiers at home and abroad and above all the various organizations which have for their work, the conservation of food and fuel and the enlistment and selection of recruits, are under the management of men whom he has specially chosen and instructed by the federal government at Washington.

Governor Philipp has helped redeem the state, its citizens have done the rest. These self-same citizens at going to demonstrate on Primary Day what they think of their Governor and regardless of politics, unless indications fail, it will be found that playing with pitch is like playing with fire, for his opponents and instead of being burned they will find themselves besmirched. Of their loyalty personally there is no question, it is merely their method of campaigning that is criticized and the voters will resent it.

OVER THERE.

There is no question but the great battle that is being waged "over there" at the present time is but the start for the end of the "Kuins", but it will take months and perhaps years, to drive them back of the Rhine and into their own territory even with the gigantic guns made the past few days. Four years ago the army of the Kaiser marched from Germany and in a few weeks had struck terror to the civilized world by the daring of their advance and the lack of resistance that their enemies—Our Allies—were able to make. Then the tide turned and the English and French and brave little Belgians, made their stand and turned defeat into a partial victory.

Now we have gone into this war with fresh forces and renewed spirit given the tired allies. They feel their fight for the past four years has not been in vain. That the lives they have sacrificed and the millions they have spent has not been wasted and the tide is turning.

It takes but a few moments for a fire to devastate a community that it will take years to rebuild, and the German invasion of Belgium and France may be likened to a conflagration. It will take time to drive the invaders out and rebuild the ruined districts.

But the eagle of victory is hovering over "our" forces and as a Paris newspaper says, "we firmly believe the war department could give us even better and more encouraging news of the battle front than they do if they would." Be it as it may, it is most encouraging and we are glad to read it and to hear it.

Reverses may come later, but the great push of the invading foes has begun, lost ground has been regained and the allies are better prepared to settle down to another winter of warfare today than they were three weeks ago.

THIS IS FAIR WEEK.
Are you ready to make the week one of enjoyment, pleasure and instruction? This is the week of the Big Janesville Fair. This means that out at the fair grounds you will find plenty of inspiration for your next year's war gardens, you will inspect the results obtained from this year's experience and also find out what is being done in the county toward increasing the material of a goodly number of blooded cattle that go to make up the food supply of the nation. This is not a race meet but a fair.

The old days when Janesville was the center of the bloodied horses of the middle west and the weekly racing card at Janesville was scanned from the Atlantic to the Pacific coast, are gone never to be recalled, but in its place is the modern day fair and its races and agricultural and stock exhibits and thus once more Janesville comes into its own. This week citizens of Janesville can witness all three shows in one, so why hesitate. Be a fair booster from now on.

That Janesville is becoming a cesspool for dry town drinkers was again demonstrated in Municipal court this morning when twelve men ranging in age from twenty-one to sixty, were brought before Judge Maxfield for getting drunk.

Despite the fact that the local police are working overtime gathering the men and that Judge Maxfield is giving them the limit for coming to Janesville, they still come and not until a few of them have been given a second dose will they begin to realize that Janesville does not cater to their class.

There is no one in the city profiting by their visits only the saloonkeeper. They come to Janesville for the sole purpose of getting drunk and turning Milwaukee street on Saturday night into a regular Bowery.

They are not wanted in Janesville and we all hope that the time is not far when a curb can be put on these dry town drinkers so they will refrain from visiting our fair city, especially on a Saturday night when the majority of our mothers and daughters are downtown.

One of the fairy tales of the nursery days was that of Jack and the Beanstalk. Janesville residents have worked even greater wonders with their war gardens than Jack did with his wonderful beans. The final results are astonishing and better than all, it has taught young and old that "we must live by the sweat of our brow."

More of our citizens leave us this week for the national army or some of the various branches of the service. Each week sees one contingent after the other depart, some quietly, some with an escort and a band, but all bound to their destination with the best wishes of the entire community.

Camp Grant is still the lure that draws thousands of visitors weekly. It is entering upon its second year and it is safe to say that beyond the span of life of the men of today, it will continue to exist as a military training camp.

The volunteer field workers from among the citizens and business men have demonstrated their worth to the farmers in the past few weeks and have relieved the tension and worry that help at harvest time would be lacking.

The farmer who complained that rain was needed has found his prayers answered. The grain crop saved the next thing is the corn and tobacco, and both have most excellent chances of being what in the old days was called, "mortgage raising crops."

What is to become of these Wisconsin boys who have gone into the navy and are either on the high seas of preparing to sail them? Will they return to us in time or will the call of the sea keep them on salt water when this war is over?

There are a lot of men who are under the forty-five age limit, who never expected to be called upon to fight who will find that Uncle Sam has a long arm if he needs their services.

The men who have made this fair possibly have worked earnestly and faithfully and it is to be hoped it will be a success financially.

It is cooling and refreshing to say the least these hot days to remember the deep snow of last winter.

A LITTLE TALK WITH NIETSCHE.

Nietzsche, oh where is your superman man bluff? Where is your deep philosophical stuff?

What has become of the poison you have created?

What has been done to your doctrine of dread?

What has occurred to your marvelous dream?

Something has battered your wonderful scheme.

Look at it now as it staggers and rolls,

Look at it now. It is shot full of holes.

Gaze on your superman! See how he runs.

From American doughboys who capture his guns.

Nietzsche, they've shattered your piffle of gloom. See your philosophy go to its doom!

Time was when dreamers said you were indeed immense.

College professors who lacked common sense.

Talked of the race that would some day arise

To govern the world and to order the skies—

Mentioned the mystery man to sur-

prise you—mortal and every known class.

Look at your superman running away.

From American dough boys in battle today?

Nietzsche, Too deeply the Kaiser has drunk.

Of your poisonous, dizzying, brain-storming bunk;

The poor boob believed it, and thought it was great.

And now he's plunging headlong to his fate.

Oh, time was your system looked fine to the eye,

And many have called you a wonderful girl.

But now again will you turn a man's brain.

Never you'll set any monarch insane.

Never more in the world will your writings be sold;

The dough boys have knocked your philosophy cold.

The dough boys from Kansas and Michigan, too.

From Frisco and Dallas and Kalama-

From the lakes to the gulf, from the coast to the coast.

Have riddled and punctured that superman boast;

They've routed and shattered, and battered and kicked.

The superman Harvey that couldn't be licked.

Never more will the world pay attention to you.

Good night, Mr. Nietzsche, your sea-

son is through.

Your start was a beaut', but your finish was punk.

For the dough boys have ruined that superman bunk!

The Big Clean Sweep Sale Continues All This Week

Surely the height of value-giving has been reached in this great sale. Sumner goods must be disposed of in order to accommodate fall stocks, so we've completely ignored profit-making. You have need all this season at least for everything in this event, and much of the merchandise offered can be used next year. When you have an opportunity to save money and you neglect it, you have no moral right to complain that the Cost of Living is High. No previous selling event ever offered such money-saving opportunities as our great Clean Sweep Sale.

Wirthmor, the Wonder Blouse, for \$1.00
Another lot go on sale tomorrow. We are sole distributors in this city for these famous Blouses.

Yes, these are Wirthmor Waists and they are Worthmor—worth much more. They would readily sell at a considerably higher price—and in any other line they would have to.

But just because the makers, as well as ourselves, are determined to keep prices down as long as it is possible—they are still being sold at \$1.00.

See the four new styles illustrated above, these go on sale tomorrow.

30 SELECTMEN LEAVE THIS WEEK TO ENTER MECHANICAL SCHOOLS

NORTHERN DISTRICT OF ROCK COUNTY WILL SEND MEN TO KANSAS CITY, PEORIA, BELLOI, MADISON, IOWA CITY, AND INDIANAPOLIS

21 FROM JANESEVILLE

This City Furnishes Three Fourths of Quota—Boys Will Leave Wednesday Afternoon and Evening and Thursday Morning.

Six special calls for men with mechanical ability, totaling thirty selects, will be made this week by the local board. Men will be sent to mechanical schools at Kansas City, Indianapolis, Beloit, Madison, Peoria, and Iowa City. Practically every man who has volunteered to go on these calls is one of those who registered last June. These men are taking advantage of a rare opportunity and will learn a trade at vocational schools which will be helpful to them in times of peace as well as in the present day.

Following are the names of the thirty men who will go under the calls, the hour of their entrainment and their destinations:

Sweeney School, Kansas City, Mo.—Quota, 17 men; leave C. M. & St. P. special, 8 A. M., Wednesday, August 24th; Hobert G. Hilton, Stanley, E. Paul, Harry Hanson, John Wiemer, Jr., Harold Amerphol, Frank Kennedy, Walter McKoen, Fred Murphy, Lester Townsend, Daniel Swan, all of Janesville; James Carroll, Milton Junction; Clark Borden, Milton; Fred Brown, Evansville; Walter Becker and Arthur Baskie, both of Edgerton; Chas. Chase, Brodhead and Elmer Rumpl, Milton, Rte. 10.

Chamber of Commerce, Indianapolis—Quota, 2 men; leave C. M. & St. P. 5:45 p. m., Wednesday, August 14.

Leonard, Turwood and Quinn Loomis both of this city.

Iowa University, Iowa City—Quota, 1 man; leaves C. M. & St. P. 11:00 a. m., Thursday, August 15th; Walter F. Bidwell, Janesville.

Beloit College, Beloit—Quota, 1 man; leaves C. M. & St. P. 11:00 a. m., Thursday, August 15th; Howard Nelson, Janesville.

Bradley School, Peoria, Ill.—Quota, 4 men; leave C. M. & St. P. 11:00 a. m., Thursday, August 15th; Leslie Drummond, Janesville; Leslie Miller, Evansville; Archibald Strigle, Milton Junction, and Ernest McCartney, Milton, Rte. 10.

University of Wisconsin, Madison—Quota, 6 men; leave C. M. & St. P. 11:00 a. m., Thursday, August 15th; Kendall Newman, Bradley Conrad, Walton Kakuska, Walter Schilling and Joe Donahue, all of Janesville.

Ordered to Report—Ordered to report All of these thirty men have been ordered by the local to report at the post office two hours before their time of entrainment.

COMMITTEE APPEALS TO FINISH UP QUOTA

Only ten days left to finish our large quota of socks and hats.

Are there any women knitters in Janesville who are without knitting?

Knitters, are you not making either one helmet or a pair of socks before the 30th of the month? Our quota will not be filled unless you do. We have plenty of helmet and sock yarn and are anxious to give it out the first of this week in order to have the garments finished by the 30th of Aug-

ust. This is an urgent appeal to the loyal workers of Janesville, because we know that this large quota of knitted garments would not have been given us unless those men at the head of the American Red Cross were sure that the boys over here were in camps at home will need them this fall and winter. We, none of us want to suffer this winter, as we did last winter of the suffering from cold that our boys went through. So please get your share of knitting early this week.

1ST WARDERS OPPOSED TO BUILDING OF TRACK

First ward residents in general and those living on North Jackson street are incensed over the action of the Fifield Lumber Co. in building a spur track across North Jackson street to their new coal yard. Sometime ago they filed a protest with the city council against the construction of the track but the petition was tabled and no action has since been taken.

PERSONAL MENTION

Mr. and Mrs. Roy Church have returned home after spending a week with friends in Milwaukee.

Word has been received in this city of the safe arrival in France of Edward McElroy.

He is a member of the 21st Aero squadron.

Miss Agnes M. Steinke was taken to Mercy Hospital, where she underwent an operating this morning.

Berg Alfred Leren has returned to Camp Grant, after a week-end tour of the Great Lakes.

The Misses Hazel Sennett and Loretta Premo spent the week end in Monroe, the guests of friends.

Dr. David Beaton occupied the pulpit at the Congregational church yesterday.

Mrs. W. J. Hughes will entertain Division No. 1 at her country home Wednesday afternoon at 4:30. Beloit work will be taken up.

Mrs. F. J. Lowth has gone east for a two weeks' vacation.

Mrs. Quigley and little daughter of Rockford were guests the past week of Mr. and Mrs. W. M. King of Freeport street.

Morris Smith, now of Chicago, was a home visitor the past week.

Mr. and Mrs. Peter Jamieson were guests at a dinner given by cousins at Beloit yesterday.

Mrs. C. E. Ewing and daughter Ellen have returned from Lake Geneva where they spent the past month.

Mr. and Mrs. A. J. Huebel and Miss Dorothy Heider returned from a week's auto trip to East Moline, Ill.

Mr. and Mrs. William Rugar, formerly of this city, are spending the summer in Highland Park. Their son, William Jerome Rugar, is now in the yearman department at the Great Lakes.

Miss Winona Martenson of Lima Center and Mrs. John Higgins of White-water and grand daughter Monica Johnson of Elkhorn spent Thursday and Friday of last week with their sister Mrs. G. L. Traver of Cherry street.

Mr. and Mrs. Carl Olson and son Charles of Madison spent Saturday and Sunday at G. L. Traver's and W. H. Brown's on Cherry street.

The Misses Margaret and Ruth Bailey of Jefferson avenue, have gone to Beloit for a ten days' visit.

Miss Marian Thayer of Wilmette, Ill., has returned. She was the guest of Mr. and Mrs. George Baileys.

Mrs. E. Greenwald of Stoughton, left for home on Saturday. She spent the last of the week in town with relatives.

John Rosenthal of Chicago, will leave on Wednesday for St. Louis.

Charles Wild of the Hotel Myers left on Wednesday for St. Paul to attend the Western National Hotel Convention, being held in that city this week.

He has been arrested by Under Sheriff Fred Beiley, on Sunday, on the Beloit road, near South Beloit. He was in an intoxicated condition at the time and accused four bottles of beer under his arm, which he told the court this morning he was "taking home to his wife."

When questioned by the judge, he admitted he had secured the liquor on Sunday at the tavern of Oscar Dietz, on the Beloit road.

Having given this evidence, the judge let him go with \$10 and costs of fifteen days.

The twelve cases of the first three days were given sentences of \$25 and costs and ninety days.

After sentences had been announced, the judge asked if any of the lot had bought any liberty bonds, given thrift stamps, or donated anything to any war activity.

Three hands shot up at his question. One had bought two bonds and the others had bought thrift stamps.

The judge surveyed the other ten men with a look of disgust, then reduced the sentences of the first three by five days.

The twelve cases of the next three days were given sentences of \$25 and costs and ninety days.

Frank Pierson, Rockford; S. G. Colcer, Durand; Peter Tranel and son have the head of Short Head Durhams of the milking strain.

Conseilo Duke is said to have the largest bull of his age in the country, who eight days before he was four years old weighed 280 pounds.

Harry Little, of the town of Janesville, has a herd of Dual Purposes.

Short Horns: Gerald Arnold of Rockford, has about 6 head of Short Horn Beef.

Beyton Brothers of Bradford have 20 head Pole Durhams.

C. E. Calcoer, town of La Prairie, has three head of Durham Beef strain.

J. E. Kennedy of Janesville has one black Holstein.

Peter Read, town of Janesville, has one Short Horn.

Seven other herds of famous breeders will arrive today or tomorrow morning and practically each of the stalls in the cattle shed have been taken.

It appears that stardar delivered an inferior grade of tobacco to McCormick Brothers two years ago and rather than accept a lower price than called for by the contract, started suit to recover the full amount proceeding under the power given him by Section 1670-n of the statutes.

Judge Grimm has now ruled that the action is dismissed and in doing

taken he has held this statute unconstitutional.

It is an important decision which will interest tobacco growers and buyers especially.

The action was begun by Erick Strand in Circuit Court, March 28, 1916, through his attorney, E. J. McIntosh.

Strand, James Moutz, Ostreich and

Avens, to defend him and stipulations were filed with Judge Grimm by both parties after considerable delay. The case was not brought to trial but was decided by the judge from the stipulations filed.

The decision in the case follows:

"Section 1670-n of the revised statutes manifestly applies only to the purchase of farm and garden crops when the contract fixes a stated price per unit of weight and is silent as to quality. There is nothing in the law prohibiting the seller and purchaser from agreeing upon quality grades or prices based upon conditions as to quality found to be at the time of delivery, nor does it prohibit seller and purchaser from agreeing upon causes and methods for cancellation of the contract.

"In the instant case the contract was that of Alec Buchholz,

about 50 years old, who was charged with selling liquor at Crystal Springs park without a license. Alec has a nice little shack fixed up in his home at Crystal Springs which, though not pretentious, served its purpose as a thirst quenching station very well. An enclosed yard furnished a fine place for his customers to imbibe in peace without being seen.

Alec told his whole story to the judge, starting several days back in his family history.

Edgar Crook, who was unable to get into his home to Frank Crook, but that Mr. Crook had allowed him to remain where he was, provided he dealt only in the goods of the Crook Brewing company.

With tears in his eyes he told the judge that he was not guilty of selling liquor to soldiers, and that he would not give it to soldiers, and he had found them any, and where frequent "bear denices" at the park. When asked how he was supporting the war, Alec broke down again, this time for being doubted as to his staunch Americanism.

He said he had bought thrift stamps but his reply to all other questions of the judge as to why he hadn't subscribed to other war funds was that he "hadn't been called on."

Judge Maxfield ordered that Mr. Croak be subpoenaed to appear in court as a witness, and adjourned the case until August 19.

Suit was started in court by the Tea Company to recover sum of \$200 from L. A. Beloit and Geo. Shook. Shook was formerly an employee of the tea company. L. A. Shook appeared for the plaintiff and J. J. Fisher for the defendants. The trial was set for Sept. 17th.

Mr. and Mrs. Stanley Brown of Portage, Wis., motored to Janesville on Saturday. They will spend a few days at the home of their mother, Mrs. H. W. Brown of 1018 Oakland avenue.

J. J. Dulin and Mrs. H. V. Howell of Center avenue, who have been visiting friends in Sheboygan have returned.

"To Hell With the Kaiser"

The Most Startling Picture of the Century--The Hideousness of Prussianism Laid Bare.
An Overwhelming Arrangement--A Majestic Marshalling of Patriotism--Decency's Challenge of the Hohenzollerns.

MANAGER ZANIAS SAYS:

I have been informed by the Metro Pictures Corporation, who are putting out this picture, "To Hell With The Kaiser," that it is the most startling picture of the century, an astounding prophecy.

No one who wishes to be well informed should miss seeing this beautiful seven-act patriotic picture, which shows in detail the plans made by the Prussian war lords to conquer the world and the final defeat of their schemes. The battle in the air of two opposing aerial armies is shown and the capture of the Kaiser by an American girl and an American aviator. Powerful love and interest is combined with scenes of great historical value in this production. Hoping you will be present at one of the performances,

Respectfully yours,

Jas. Zanias, Mgr.

DEMPSAY HAS EARNED PRAISE OF FIGHTING FANS

[BY ASSOCIATED PRESS]

New York, Aug. 12.—Doubtless there will be miles and miles of printed praise heaped on the broad and strong young shoulders of Jack Dempsey, the California demon who won the Fredrickson trophy record time at Harrison, N. J., but there can be no doubt that every bit of it will have been earned by the brilliant conqueror of the almost equally brilliant Fulton.

Dempsey's performance compares favorably with the mighty smash with which Tommy Burns impressed the Australian brood. Australia's Bull Squires had undertaken that worthy undertaking to show us Americans how she is done in Australia. It is reminiscent of the time when Gus Ruhlin thought he was good enough to beat Tom Sharkey, and almost turned a double somersault from the fist of the famous champion in the first round. The comparison is rather far-fetched but the ending of the fight was fully as impressive as the ending of that memorable meeting between Terry McGovern and Peter Falmer—the time when the flying fists of the demon featherweight champion rained on Falmer in the first round of their Tuckahoe fight so furiously that Falmer went down and out immediately.

Dempsey, say some, has proved that he can fight, but hasn't proved that he can stand punishment. But gracious goodness, a man that can fight with such success as this bird has been doing doesn't have to stand punishment. He stops all the punishment with the same blow that stops his opponent.

He is a fighter, an actor, a scientist, neatly worked out and admirably accomplished. Dempsey knew he hadn't a chance to outbox his massive and swiftly-moving opponent. He knew

that Fulton also knew it. Therefore he planned his battle for a quick finish—to step in and finish it while Fulton was fussing around. And he did it.

CHAMBER OF COMMERCE WILL CONDUCT HOUSING SURVEY IN JANESEVILLE

Local Organization Will Take Up Matter of Finding Homes for New Families Coming to City

To meet the requirements of housing shortly to present itself, Janesville is to have housing survey under the direction of the Chamber of Commerce, based on the government plan governing such surveys.

Applications to house calls will be made and each householder is requested to inform the person making the inquiry fully concerning rooms available, accommodations, such as bath, heat, light, meals served, etc. Also a complete list of vacant houses and apartments will be tabulated. Information concerning probable vacancies and rates is required.

This survey will assist the Chamber of Commerce in finding homes for men and their families who will come here with the development of the new industry.

What is known as "packing" day and night shifts of men using the same room, will not be tolerated, it is said. The health of the roomer is to be conserved to the utmost.

These Are Necessary.

ALL STARS LOSE GAME TO ALBANY; 9 TO 6

The Janesville All Stars continued in their slump, and were defeated by the Albany team at Bailey's diamond yesterday by the score of 9 to 6. The All Stars, however, defeated the All Stars played a fine game against a team far older than themselves. Albany's third baseman, H. Croake was a former Janesville Cardinal shortstop and still is a very fast man. Eldeed who did the twirling for Albany, formerly played with the Beloit Fairbanks-Morse team and still is considered a good pitcher. He had the All Stars completely baffled and fanned many of the local team. Despite the fact that they were a far young team the All Stars played a good game.

FAMOUS TROTTER AT FAIR GROUNDS

Spriggin, one of Country's Most Famous Trotters, Will Start in Race

at Local Fair

In the first stall in the second row of harness horse barns is quartered the famous trotter belonging to C. E. Beveridge of Chicago. This is the famous trotter "Spriggin," who won the second best purse ever offered up for harness horses at the World's fair in San Francisco in 1915. This purse was \$20,000, which went to the owner.

W. T. Dosey, of this city, was one of the spectators who saw the race.

Mr. Beveridge is a famous carter in Chicago, and like his old friend, the late George Castle, drives his own horse for his own pleasure and Spriggin will start on Friday in the 2:00 p.m. race.

Bargains in most everything are listed in the classified columns.

An ARTCRAFT Picture
By DAVID GRAHAM PHILLIPS
Adapted for the screen by JEANIE MACPHERSON

SHE WAS JUST A LITTLE FADED

She had stuck to him through twenty years or more; twenty years bitter with the gall of life. She asked no questions; she just stuck through "thick and thin." But when the bloom of June had faded from her cheeks and the frost of December lay on her once golden hair—You'll know life better for coming to see this highly dramatic picture.
